

Your monthly update on WMS News and Events

Chairman's Foreword:

"June is the month when our Sheds year begins with an AGM and the yearly subscription needing to be paid to the treasurer (only £20 this year – a bargain!). Thanks to all those who attended the AGM and I hope you were happy with the proceedings. Last year's committee officially stood down so that a new committee could be elected. There were proposals and seconds for this year's committee which were accepted and guess what? The committee is pretty much the same (We must have done a reasonable job – or was it that no one else wanted to take it on??)

A few changes were made to the constitution and a copy is available to view in the minutes folder in the Social Room plus on our website shortly. A copy will be sent to members once all renewals are in. There will also be a copy of the annual chairman's, secretary's, and treasurer's reports in the folder.

A massive thanks to the work that the committee has done over the last year. We are financially viable and have achieved a great deal after coming out of lockdown. I do ask members to support the shed by assisting with the opening on Mondays and Wednesdays now and then (put your name on the noticeboard list). I look forward to being your chairman for the coming year."

Malcolm Trayhorn - Chairman

Editorial:

*"Welcome to issue 10 of "THE SHED JOURNAL". **(Fresh articles needed publication please)***

To create and maintain an interesting and varied publication I will need member ideas and contributions. Therefore, if you can think of anything interesting or informative to include i.e., Scams, DIY/Gardening tips, good or bad Tradesmen etc. Please feel free to send me your ideas and I will consider them all.

If you come across an interesting article (not too lengthy) then please forward it to me. Members are also welcome and indeed encouraged to contribute small articles themselves (around 250 words with pictures) of days out, holidays, life/work experience, hobbies, a book film/review etc. I'm sure we all have a story to tell.

Should any materialise, I will publish them in order. Political, Financial, Religious articles will be closely scrutinised before publication. Defamatory articles will not be published.

Please advise of any errors/typos and feel free to send me your comments, good or bad. I strive to please. If you prefer not to receive 'The Shed Journal' please let me know by return."

Latest News on Shed Facilities and Amenities:

Main Social Room:

"The Main Social Room is where the larger part of our membership congregates to catch up with fellow shedders over a cup of tea/coffee. Groups develop for a game of cards, dominoes, or such like although this is not all that goes on. Other groups may sit chatting about whatever comes up or perhaps read a magazine. All are a friendly bunch and welcome other members to join in the conversation and banter.

After signing in, the Computer and Workshop shedders will drift off to the outbuilding to take up their interests.

Members are reminded that it is important to come to the social room first to sign in and out.

John Chamberlin – Editor

The Computer Room:

"Hello Fellow Shedders,

Would like to say a BIG thank you from John Bunning and myself for effectively voting us back onto your committee of the next 12 months, we hope to continue helping all WMS members, to the best we can. You may or may not be aware that the Computer Group is in attendance on a Wednesday from 09.00 to 16.00 hrs, if you have any problems see Dan Smith or Dean Betts for further information.

I would just like to mention a little misunderstanding when it comes to having any repairs done by the Computer Group. At the last committee meeting this was discussed, and decided that Job Sheets should be introduced, which would stop confusion and give clarification on the procedures when repairs are undertaken, look out on future News Journals for further information.

Have you all been viewing the Video Clip on YouTube, an introduction to Wayland Men's shed and telling your friends, hopefully they may want to join WMS; can you think of any reason why not? See you at the shed, bye for now."

Jeff Heath - Computer Group Supervisor - email: jefferyheath2017@yahoo.com

The Carpentry Workshop:

"I think it would be true to say that we at WMS have one of the best equipped workshops that I have seen in any Men's Shed I have visited, sadly this is not backed up with support from members as so few are bothering to take advantage of the facility on offer.

Most Sheds would give their right arm for a workshop like ours, maybe someone could enlighten me as to why with our membership at almost 70 we only have 4 regular users including myself. On a lighter note, we are still carrying out small commissions and repairs and our Planters are proving to be very popular. "

Richard Adams – Workshop Supervisor - 01953 881004 (enquiries)

Member groups:

Editor's note on groups:

Do you have an idea for a similar group? For example: A walking group, book club, games group, a common hobby or perhaps a lunch club then please email me the idea - bjcoi8@gmail.com and I will publish it here.

Such groups will be supported by the Committee but arranged and run solely by the interested members.

N.B.: A group does not have to be several members; you may just find one other like-minded individual to start with and others may well join you later.

The Shutterists:

"We are a group of Shedders (The Shutterists), and we meet about once a month. Spring is upon us, and we will be planning more outings. As a reminder to all Shedders, the WMS Shutterists are predominantly an 'Artistic Group', however cameras / pencils / paints are not a pre-requisite for trips out. We allow all camera types, DSLR, Compacts, Mirrorless, Film, Phones, Pin Hole, Box Brownie, etc. It is generally a good walk in beautiful East Anglia, maybe with the odd coffee, beer, wine, lunch, dinner thrown in for goodwill.

This month the Shutterist's give you an insight as to what photography can do for you, your general, physical and mental well-being.

"Photography adds so much value to our lives – by recording special events, people, and places, while also helping us learn and grow as people. It allows you to share your life and experiences in meaningful ways, and it allows you to engage and have fun with other people.

What makes photography such a great hobby? People become interested in photography – serious photography, not just the occasional snap or selfie – for many reasons. It might be a major life event, such as a new baby, a wedding, or a special birthday. It might be that your phone's photo capabilities frustrate you enough that you want to get real about photography. Or perhaps photography just sounds interesting, and you want to try it out. Whatever the reason, photography is incredibly fun, plus it comes with a whole host of benefits you probably haven't considered. And that's what this article will share: the 9 reasons you should definitely take up photography right now!

Photography allows you to create images of special events, times, and places. It lets you record the specifics an event – and it also allows you to share that event with friends and family, long after it's done and gone. By capturing a special moment in time, you can always remember it in crisp detail, even as your mental memories begin to fade. Plus, those memories will eventually become part of your history, perhaps even family lore. And they won't just be passed down through stories; they'll be passed down through images, too. As the saying goes, "A picture is worth a thousand words."

You can have so much fun with a camera. You can head out with the family to the beach or on a picnic, shoot a local sports game, randomly roam your city streets photographing strangers, stalk wildlife, hike up a mountain for a stunning view, or stand under the stars at 2 AM and watch the Milky Way slowly move across the heavens. In other words: Photography offers many opportunities to do new, interesting, and fun things with your camera – things you may not have done otherwise.

Plus, all sorts of things become interesting when they can provide you with material for photographic adventures. Cultural festivals, parades, sports events, a wander along the beach, exploring parts of your city previously undiscovered, architectural details on buildings, intricate details of flowers, people-watching, wildlife, meeting people who have different interests and hobbies, and much more; thanks to photography, it'll be tons of fun.

The Shed Journal

Research shows that learning a new skill helps the brain and improves memory. And the more difficult the skill, the more you benefit. Given that photography has so many elements – the science of light, the technology of the camera, the creative artistic side – there is a lot to learn. So, whatever your age, now is the perfect time to start a photography hobby. Photography won't just keep your brain in shape; it'll keep your body in shape, too! Getting out of the house, walking, and even hiking are common side effects of interest in photography. Do you like landscape photography? Then you'll need to go where the landscapes are, and that often means some form of exercise. Do you want to photograph people? Then you'll need to walk the streets, which requires plenty of physical activity.

Of course, not all forms of photography require strenuous exercise. If you prefer a more easy-going approach, that's okay, too; genres such as macro photography and portrait photography will get you out of the house but won't make you feel like a marathon runner. Make sense? One caveat: Camera gear is heavy, so it's important to be aware of any health or safety concerns. Carrying a camera on a strap around your neck (plus a backpack on your back) for a long time can be quite painful. Fortunately, there are many lightweight cameras available, not to mention excellent camera-carrying devices, compact tripods, and other burden-easing equipment.

*In her book, *Big Magic: Creative Living Beyond Fear*, Elizabeth Gilbert writes about creativity and inspiration. She says that creativity is good for us as individuals, and that the feeling you get when you finally capture an awesome sunrise photo, the feeling you get when you finally capture the image, is a wonderful thing. But being creative is something we rarely do as adults. Enter photography, which is hugely creative and allows for endless flexibility in shooting and artistic style. That style can grow as you learn more and start to experiment with different genres. Bottom line: Creativity is fun, and it provides a necessary counterbalance for the stressful demands of a modern lifestyle.*

Here's another likely outcome of taking up photography. You'll travel all over the place, from different parts of your own city or country all the way to the other side of the globe. There is so much interesting stuff to photograph in other places, including landscapes, wildlife, architecture, and people from other cultures. Now, travel broadens the mind and exposes you to new concepts and ideas, plus it's an excellent learning opportunity. It provides so much creative variety and possibilities for personal growth. Also, travel is just tons of fun! So, if you do take up photography, make sure you jump on the opportunity to travel, even if you only go a couple of hours away. It can provide entirely new situations and vistas! Be brave and venture forth.

Looking to meet new people and make new friends? Well, meeting interesting people during your photographic adventures is pretty common. For instance, you might ask a local for advice on how to find a certain viewpoint – and they'll end up showing you the way! Or you might start talking with someone who is curious about your photography, which can lead to a great afternoon of conversation. Once you get serious, you can even consider organizing a meetup with local photo enthusiasts in your area. And who knows? You might make a new adventure buddy and a new friend! By the way, if you are friendly and courteous with your camera, many people are often happy to pose. Engaging with other people ensures you make more of a connection, and the resulting images are often powerful and emotional. So, while keeping personal safety in mind, be brave and say hello. “

The Photo Walk (or photo float):

On Wednesday 18th June the Shutterists group had a day out on a boat from Wroxham on the Broads. A scorching hot day with lots of pictures and of course the compulsory Pub Lunch. What a great day.

The 52 Week Capture Challenge (Weeks 17 - 20):

The members of the photographic cohort have now progressed to week 20 of their 2022 challenge.

Here are some of the contenders for the Terry Knight Photo Memorial Certificate from recent weeks:

This month's competition has not been judged yet but here's a taster for you.

The Music Club:

For unavoidable reasons it was necessary to cancel June's meeting of the Music Club. Consequently, the theme for the month - 'Any colour but blue' will be carried over to the July meeting. Members are not obliged to limit themselves to the theme and are welcome to bring along any choice of track for listening.

The Club is open to all Shed Members to either bring along their own tracks to play or just to listen to the selections of others. All genres of music are welcome although selections should not last for more than 5 minutes to enable a goodly selection to be played in one session. Excerpts from longer pieces can be played. We can cope with tracks on CD, internet, or memory stick.

The Music Club meets on a monthly basis – normally the first Wednesday in the month starting as soon as possible after 10 o'clock. The next listening session will be on 6 July 22 in the main social room. Just turn up at the next meeting – you will be made most welcome.

Gastro Jaunts around East Anglia:

"We haven't been on a jaunt this month, so I thought I'd give you some highs and lows from previous jaunts. A previous high was definitely 'The Gunton Arms' just outside Caister. This a mixture of a Country House Hotel a great pub and a really great restaurant. It is set in a gated Deer Park in Thorpe Market with plenty of parking space.

The hotel and restaurant are a bit pricey, but the pub (in the same building) is pub prices with a good pub grub menu and a great barbeque street food area outside, great for the grandchildren in Summer. This was a special occasion for us (can't remember which one) my son had bought us a voucher which covered the cost of the room for the night. There was a great atmosphere in the restaurant with its oak panelling and huge open fire, great food, great service, I can't remember what we had but know it was excellent. A place to recommend.

Now for the low. I wanted to try a Michelin starred restaurant, so we booked into 'The Neptune' in Old Hunstanton. The waitress was very condescending, the wine list very poor and my wife had a lobster starter where the portion of lobster was about half the size of an Oxo cube. For the price, the meal was appalling, and we will not be going back. This restaurant must have been good at one time to get its Star, but it is now trading on its laurels. "

Social programme:

Our social secretary, Malcolm Trayhorn is very adept at organising an excellent programme of events throughout the year. The fact that many of these are oversubscribed is a testament to their popularity.

I'm certain however, that Malcolm would greatly appreciate suggestions and ideas for future events and outings from the membership, so please put your thinking caps on.

Recent events:

Quiz Night:

Friday 20th May was the latest Quiz & Chips night. It was attended by 72 people and proved to be a great evening. Thanks to all who donated raffle prizes and we raised £455 for the Karen Morris Memorial Trust charity.

Fakenham Races:

On Sunday 20th May, 28 members and guests took a trip to Ladies Day at the Fakenham Races. It was another scorching hot day enjoyed by all. We started off with a picnic with a good view of the course and studied the form of the horses before having a flutter. Some picked a winner or two, but I believe that the only real winners were the bookies!

STANTA Tour:

On Thursday 9th June a group of 26 members and guests were treated to a tour of the Stanford Military training area (STANTA). It was a very informative and enjoyable trip with a serving Warrant Officer giving us a commentary on the way round.

Upcoming Social Calendar:

Our programme of social outings is now under way, and I ask you to check the noticeboard for the events and dates and be sure to make your booking & reservation in good time to help with organisation and to avoid disappointment.

Cheese & Wine night:

We will be holding a Cheese & Wine Evening in the Social room on Friday 15th July from 7pm -10pm. Come along and enjoy a glass or two plus a variety of cheeses and good company for just £5 per head. Guests of members are welcome. Names on noticeboard or to me soonest please so I can start treading the grapes and curdling the milk.

Watton Radio Model Club:

We have been invited by the Watton Radio Model Club (WRMC) to visit their field in Carbrooke on a Tuesday afternoon to witness the craft of flying model planes. They put on a rather enjoyable Bar-B-Que for a nominal fee and give you the chance to fly one of the planes if you are lucky. Names on noticeboard please and I will organise a date.

Christmas Meal:

The Christmas Meal this year will be at Barn Ruche on Thursday 15th December. This will be from 7pm to 11pm and include a 3-course meal. Members and guest's welcome. Cost yet to be calculated but likely to be in the region of £27 per head. There will be a licensed bar. Names on noticeboard please.

The Important Job:

This is a story about four people named Everybody, Somebody, Anybody and Nobody.

There was an important job to be done and Everybody was sure that Somebody would do it.

Anybody could have done it, but Nobody did it.

Somebody got angry about that because it was Everybody's job.

Everybody thought Anybody could do it, but Nobody realized that Everybody wouldn't do it.

It ended up that Everybody blamed Somebody when Nobody did what Anybody could have done.

Joke: This answer may not register with some of you. **It's a map of Europe, 'Drawn from memory'** 😂😂😂

Puzzle: A map.

Who? Benjamin Franklin. Lightning rod in 1752. Bifocals in 1784.

What? Harland & Wolf shipyard, Belfast. Laid down in 1909, launched 1911, lost in 1912.

Where? Greenwich Park, London. Longitude Zero (0° 0' 0"). Since 1884 has been the reference point for GMT.

Why? Built in the honour of 'The Battle of Stalingrad'. It stands on the bank of the Volga and is 85 meters tall.

When? 1880 by Pyotr Ilyich Tchaikovsky to commemorate the Russian victory over Napoleon.

Which? 'Julius Caesar'. Spoken by Mark Antony in Act 3, Scene 1.

That's odd: **Malady.** The other three are types of wind, a Malady is a disease or ailment.

Next in line: **Quinquereme.** They are all ancient Greek/Roman war galleys with 2, 3, 4, & 5(quin) banks of oars.
