Your monthly update on WMS News and Events

Chairman's Foreword:

"A Happy New Year to All members and your loved ones. Our Shed went from strength to strength in 2025 and I am sure that we will continue this year in our mission to provide a place for men to meet up and enjoy each other's company. Combatting loneliness and supporting each other during tough times is something that we have become very good at. Long may it continue."

Malcolm Trayhorn – Chairman - email: malcolm.trayhorn@gmail.com

In Memoriam – Charlie Newman:

Our good friend and fellow member Charlie Newman sadly passed away on Thursday 25th December 2025. Our sincere condolences have been relayed to his family.

Charlie was an early member of the shed, joining on the 31st July 2017.

Charlie loved a game of contract whist and members he regularly played with will fondly remember the under his breath cussing at being unable to call what he wanted. He was rather partial to a chocolate digestive often invoking a 'Biscuit Gate' debate.

He will be sadly missed, and the shed will feel very different in his absence.

In Memoriam – Steve Williams:

Another of our good friends and also a fellow member, Steve Williams sadly passed away on Friday 9th January 2026. Our sincere condolences have been relayed to his wife Aileen and her family.

Steve joined the shed on the 28th November 2023 and soon became a popular face.

He always brought his cheerful disposition to the table whether he was having a game of whatever was available or just chatting to others.

Steve will also be sadly missed, and again the shed won't seem the same without him.

Editorial: Issue 53 of 'THE SHED JOURNAL'

"Members are welcome to contribute articles about themselves (with or without pictures) of days out, holidays, life/work experience, hobbies etc. I'm sure we all have a story to tell, once you start writing it will flow.

Also, if you come across an interesting article, please send it to me or point me to it. If you hear of anything interesting or informative to include i.e., Scams, DIY/Gardening tips, a film, book, magazine or music review, a good TV or radio station then please feel free to send me details and I will consider them all. The more of you who contribute the more interesting and diverse we can make it."

Latest News on Shed Facilities and Amenities:

Main Social Room:

"The Main Social Room is where the larger part of our membership congregates to catch up with fellow shedders over a cup of tea/coffee. Groups develop for a game of cards, dominoes, or such like although this is not all that goes on. Other groups may sit chatting about whatever comes up or perhaps read a magazine. All are a friendly bunch and welcome other members to join in the games, conversation, and banter.

After signing in, the Computer and Workshop shedders will drift off to the outbuilding to take up their interests."

Members are reminded that it is important to come to the social room to sign in and pay subs."

John Chamberlin – Editor

Carpentry Workshop:

"Rob Fielding and his team of regulars are doing a wonderful job and enjoying themselves in the process. So, for a change of scenery and company why not take yourself out there to see what's on offer, you might be pleasantly surprised. Who knows, you may well come away with new skills or pass your own skills or ideas on to others."

John Chamberlin – Editor

The Computer Room:

"Hi everyone

Happy New Year 2026, the computer team had an enjoyable and interesting 2025 exchanging knowledge and ideas on refurbished machines and updated software. The team worked hard on various avenues of funding and continues to do so in salvage and car boots with the sale of refurbished laptops.

Note: We look forward to offering computer training in 2026, so if you are interested in hardware or software training please come and see us in the computer room or let us know what training you require.

If you have an old machine that you would like to update or to be disposed of, we are here to help you. Any computers and electronics are gratefully received by WMS we run a triage to look at the viability of machines and products.

They are categorised in the following areas:

- *Scrap*
- *Strip for parts*
- *Refurbish*

As always, if you like the idea of working with computers and learning about them you do not need any experience just come along and put your name down to join the team as we now have a waiting list to join the team due to the capacity of the workshop."

The Shutterists:

"We are an artistic group with an un-written modus operandi of "For fun"

The Shutterists activities include;

1. Regular outings to photogenic places – we have logged more than 60 visits
2. Learning to improve our camera handling and photographic techniques
3. Embracing other creative artistic media

The Shutterists allows all camera types, including phones/tablets. However, as we embrace other creative techniques, cameras are not a pre-requisite, as for example, one of our keen members will attend outings with his charcoal and sketch pad. 'Shutterists' outings generally take in a coffee, food and even the odd beer – it's a social trip as much as a photographic / artistic one and we all share friendly banter."

The Shed Journal

The December Outing - 10th December - Centre Parcs, Elvedon:

We had three cars, John Pepper, Stewart Haile and David Haylocok all drove. We left Watton around 15:00 and met outside the gates at the Parc. As Malcolm is Santa in the Centre Parcs grotto, during the Christmas period, he was considered staff and we benefitted from the Staff Car Park. For those that have never been, the site is huge and there were literally 1000's of cars there.

The weather was cold but clear skies, dusk was coming in but it was still quite light, so we headed into the Parc towards Starbucks and enjoyed a coffee. Chatting about Christmas, todays trip and taking the Michael out of Stewart, as he was the only one to have a croissant!

Refreshments over, we followed Malcolm into the main Parc and headed for the light trails. The site was very busy, which was actually lovely because all the children were so excited. Photography was challenging, both in terms of camera settings and with the sheer volume of people.

As we meandered through the walkways and avenues, we all agreed that Centre Parcs had excelled with their Christmas lights as they were truly fantastic. However, capturing the lights, and doing them justice in a photograph, was not easy. Particularly as there was no room to use a tripod.

Once we had completed our meandering, it was time for some more refreshments, so we headed to the Parc's Sports Bar where we found a huge area of seating and we managed to sit together, even with all our Camera equipment.

Our plan was always to have dinner in one of the many restaurants on site. We had chosen Café Rouge, and I have to say, we enjoyed fabulous service, fabulous food and more importantly fabulous laughs.

A grand day out – with all thanks to Malcolm.

An excellent, and unique treat for us all.

Once returning home, I opened up the 'Best Photograph of the day competition' to all Shutterists, not to just those on the Centre Parcs outing. The premise being Christmas Lights during December and invited all to submit their images to me which would then be forwarded to a suitable judge.

Christmas is a busy time for us all and so we had 4x entries for December competition. I invited the esteemed gentlemen John Chamberlin to be our judge and with 4x entries – only one winner would be required. The result of his deliberations was as follows:

WINNER

"Merry Christmas Santa"

Shot by:

Al Middleton

"Interesting 'Candles'. Their natural flame and reflection in the wine glass invoke the ambience of a cozy festive night in by the fire."

Congratulations to Al, securing another win. A big thank you to our Judge... A difficult decision to make from the 4 images submitted but overall, the right choice for the winning entry.

The Music Group:

"Our first session of 2026 saw numbers down compared to the end of last year, mainly as a result of illness. Jeff, John C-M, Les and Steve were all poorly, with both Steve and his wife Aileen being in hospital after a nasty dose of something. John Parling however was allowed to go on his holiday to Lanzarote as none of us were jealous AT ALL! Fortunately, the icy conditions of Tuesday midday were washed away by overnight rain, and the room wasn't too cold.

The first theme of 2026 was '**Transport and Travel**', which saw the usual wide range of songs from the 30's to 90's, showcasing driving cars or motorbikes, train rides and even one flight. Even with a reduced turnout we had a full morning, so if everyone gets fit for next month, we may our new 3-hour timeslot.

The top five tunes were

1 st	"The Road to Hell, Part 2" by Chris Rea, picked by Bill, on 7.73
2 nd	"Maybellene" by Chuck Berry, picked by Peter Green on 7.47
3 rd	"The Trolley Song" by Judy Garland, picked by Wayne, on 7.33
4 th	"Freight Train Blues" by Jools Holland and Ruby Turner, picked by Neil, on 7.27
5 th	"Sunnyland Train" by Elmore James, picked by Ray, on 7.2

Our next meeting will be on **Wednesday February 4th**, when the theme will be "**TV themes and incidental music**". Make sure you are there by 9.30 so we can make a good early start. Next month will also see a notable milestone pass as we will play the 600th song since the group started. I've been meaning to highlight each hundred as it passes but have got distracted, so 2026 sees a new start.

We always have a good time and lots of good-natured chat, so if you enjoy music of any kind why not come along? You don't even have to bring along something to play if you don't want to, as you are more than welcome to just come and listen to our many and varied selections."

Shanties at the Shed:

"A happy new year to everyone.

Last month we had three gigs the first of which was the Women's Institute at Pickenham on the 9th. The gig went very well, and the WI members joined in where possible. On Saturday 13th we had a gig at East Harling Bowls Club held in their club facility. This was another successful performance that was well received. Our final gig of the year was at the Watton Society on Wednesday 17th in the Methodist Centre, and all those present seemed to enjoy it joining in with songs where they could.

It should be mentioned that due to being so close to Christmas the fact we were able to fulfil three bookings, is a credit to the dedication of crew members. Not all were available for each gig but those who could make it, didn't disappoint.

The new year has started with an extra rehearsal being added each month. Rehearsals now take place on the first Monday and third and fourth Wednesdays of the month (i.e. **Wednesday 21st Jan, Wednesday 28th Jan and Monday 2nd Feb.**) It's understood not everyone will be able to make every rehearsal, but it will give the crew more chance to work on new material, as well as going over established songs

We have one booking this month at the Thompson WI, so rehearsals this month will concentrate on that."

Editor's note on groups:

"Do you have an idea for a similar group? For example: A walking group, a book or cycling club, maybe a common hobby or interest then please let a committee member know. Such groups will be fully supported by the committee but arranged and run solely by the interested members."

Note: "A group does not have to be several members; you may just find one other like-minded individual to start with, and others may well join you later."

"You may recall from my foreword in the December Journal that we have been awarded a grant to help with costs of running the shed and subsidising trips and events. In order to evidence what we are doing with the grant money and what a difference it makes to members and their families I'm asking for testimonials showing what the Men's Shed means to you."

This just needs to be a paragraph or two which reflects the worth of being a member, especially in combatting loneliness and assisting with well-being. Thank you to those who have already responded and for the words of support. Please forward any more to me. In addition, I would like to use one or two of these as case studies so if you are happy for me to use your contribution in this way, please let me know or speak to me. These will be anonymous."

Protect your land and property:

"I recently saw a piece on TV regarding a man who, unexpectedly received a letter stating that a loan had been raised in his name using his property as collateral without his knowledge. The loan was for £495,000 and the repayments were to be £10,000 per calendar month starting immediately. Somehow someone had gotten his details enabling them to commit this fraud with no real recourse."

Thankfully, there is a way to help prevent this happening to you and it's a straightforward process.

It's called the 'Property Alert Service' and can be found on the government website.

Follow this link: <https://www.gov.uk/guidance/property-alert>

*You just create a simple account then add up to 10 properties (these can be your own or your relatives) The service will inform you if either a loan is taken out on any of the properties you have listed **OR** any of your listed properties has been put on the market.*

It's well worth doing, it took me less than 10 minutes, so do yourself a favour and sign up."

Item of note:

"As most of you are aware, the Shed is now a charitable incorporated organisation (CIO). We now must adhere to the 'Charity Commission's CIO Constitution'. What was our old 'Constitution' does, in effect still exist and has been edited and merged with the Members Handbook. This merged document has been named 'Members Handbook and Operating Principles.' Members are still obliged to adhere to this new shed document. Both aforementioned documents can be viewed and/or downloaded on our website for personal viewing and or printing. However, should you require a hard copy just approach a committee member.

Men's Shed – We care:

Members of our shed have a variety of reasons for being a member.

- Having other male companionship.
- Reducing the feeling of loneliness.
- Meeting up with others.
- A way of making new friends.

Whatever the reason there is plenty of evidence that our shed is making a difference.

If you hear of or personally feel that a fellow member may need assistance of some kind, then please inform your committee in total confidence. We can then assess if there may be a way we can approach them in a caring, sensitive, private way to ascertain if they need any support.

Be scam aware:

159 is a secure phone number that connects you directly to your bank if you suspect a scam. If you think you're being scammed - **Stop** what you're doing - **Hang up** the phone - **Call 159**.

It's a simple, memorable number that cannot be spoofed. It will never call you and it's available 24 hours a day, 7 days a week.

159 is a vital tool to help prevent and combat fraud. It breaks the scam "journey" at a critical moment and allows you to contact your bank quickly so they can take the right action.

Most banks, building societies, and telephone companies are part of the **159** initiatives.
